

# Curvature Systems

## COHERENCE 18

**Curvature**

Curvature Coherence 18 is the subwoofer that complements the Curvature Coherence 8 line array. It is designed to minimize its size and manageability, but at the same time achieving high performance.

The result of a system consisting of several units of this subwoofer is spectacular, making its 18 "design suitable

even for applications in medium-sized installations, both indoor fixed installations and outdoor events.

It is equipped with an 18 "speaker with anti-humidity treatment of the cones and the chassis which allow to face the harshest conditions of work.

### FEATURES

- Compact 18 "subwoofer
- High-carbon carbon fiber component
- Frequency range extended up to 25 Hz (-6 dB)
- Ultra Low Distortion
- Omni / cardioid configuration

### APPLICATIONS

Subwoofer reinforcement in theaters  
Live subwoofer  
Corporate events

**AUDIO SPECIFICATIONS**

Frequency Response	25 Hz (-6 dB) a 90 Hz
Power Handling	1500 W AES/ 6000 W Peak
SPL Maximum Output	135 dB
Sensitivity (1w/1m)	95 dB
Dispersion	Horizontal 360° Vertical 360°
Nominal Impedance	8 Ohm, +1 / -1
Drivers	18" neodymium 4" (101.6 mm) voice coil, 1500 W (AES)
Input Connection	2x Neutrik™ NL4MP (rear) + 1x Neutrik™ NL4MP (front)

**MECHANICAL SPECIFICATIONS**

Height	650mm
Width	550mm
Depth	750mm
Weight	45Kg
Finish	Black Epoxy
Shell	Baltic Birch
